KRRSSHHHH!!

A dramatic comic book illustration showing a silver chalice with ornate designs and gemstones being shattered by a sword. The sword, with a blue hilt, is positioned diagonally across the frame, its tip piercing the chalice. Purple liquid, representing venom, is splashing out from the broken chalice. The background is dark and moody, with a figure in armor visible in the distance. The overall style is high-contrast and action-oriented.

SZZTTTT!
